Frightful Case of a Colored Man.

I contracted a fearful case of blood poison in 1883. I was treated by some of the best physicians in Atlanta. They used the old remedies of Mercury and Potash, which brought on rheumatism and impaired my digestive organs. Rvery joint in me was swollen and full of pain. When I was given up to die, my physicians thought it would be a good time to test the virtue of Swift's Specific. When I commenced taking 8. S. S. the physician said 1 could not live two weeks under the ordinary treatment. He commenced to give me the medicine strictly according to directions, which I continued for several months. I took nothing else, and commenced to improve from the very first. Soon the rheumatism left me, my appetite became all right, and the ulcers, which I content the gan to heal, and by the 1st of October, 1884, I was a well man again. I am stronger now than I ever was before, and weigh more. S. S. S. has saved me from an early grave.

LEM McCLENDON.

Lem McClendon has been in the employ of the Chess-Carley Company for some years, and I know the above statements to be true. At the time he began taking Swift's Specific he was in a horrible condition. I regard his cure almost miraculous.
